MOVEMENT-WIDE MONTHLY REPORT ON COVID-19
June 2020
1. Situation Overview:

- **Recovered**: 8,912,303
- **Confirmed Cases**: 14,859,811
- **Deaths**: 613,367

2. BDRCS Response Highlights:

- **390,600**: Drinking water bottles (500ml) distributed among selected COVID-19 dedicated hospitals, test and response centers, Police station, DC office, at several districts.

- **214**: People reached with Psychosocial First Aid (PFA) through PSS Call Center.

- **3,595,252**: People received life-saving awareness messages on COVID-19 through social media.

- **7210**: Food parcel (3150) and cooked food packet (4060) distributed throughout the country by RCY volunteers.

- **1800**: Families covered through unconditional cash grant at Ward 18 of Dhaka South City Corporation (DSCC) through sub-wallet under DEEPER project.

- **732**: COVID-19 infected patients treated through Holy Family Red Crescent Medical Collage Hospital.

The Monthly Report for May 2020 can be accessed here:
3. BDRCS RESPONSE OPERATION ACROSS THE COUNTRY
In response to COVID-19 pandemic, Bangladesh Red Crescent Society (BDRCS) has been continuing its emergency operation since March 2020. As an auxiliary to the Government of Bangladesh (GoB), BDRCS supports government efforts to COVID-19 pandemic. BDRCS has been operating these emergency response actions across the country by utilizing its volunteer network. Based on country context, BDRCS identified immediate health and non-health needs of vulnerable population of the country. In order to fulfill those priority needs, BDRCS prepared an emergency response plan of action. According to the plan, systematic activities has been carried out which includes but not limited to the major sectors e.g. Health and Psychosocial Support (PSS), Infection Prevention and Control (IPC), Livelihood and Basic Needs, and some other integrated issues such as Protection Gender, access to essential health care through Mother and Child Health (MCH) care centers, clinical case management for COVID-19 cases in Holy Family Red Crescent Medical College Hospital, Epidemic control measures, Risk communication, community engagement, and health and hygiene promotion.

3.1. HEALTH AND PSYCHOSOCIAL SUPPORT
Mother and Child Health (MCH):
BDRCS ensures timely response to public health emergencies and the delivery of essential health care services during disaster. It is also rendering primary health care services through its MCH centers and preventive and curative health care services through clinics and hospitals. 56 Mother and Child Health (MCH) care Centers under BDRCS Health department has been continuing its services during this pandemic situation to enhance mother and child health care. Over the last couple of months during COVID-19 pandemic situation, a number of people reached through MCH center’s interventions. Following chart is representing the information of people reached (total 3740 people) through different services of MCH centers.

![People Reached through MCH in June 2020](image)

Holy Family Red Crescent Medical College Hospital- COVID-19 treatment:
- Following the agreement with Government, Holy Family Red Crescent Medical College Hospital has been turned into a COVID-19 dedicated hospital to treat the COVID-19 positive patients. Since April 2020, 732 coronavirus infected patients have been treated through the facilities of Holy Family Red Crescent Medical College Hospital’. As of June 2020, 540 patients has already been discharged and 192 patients are now under treatment.

Psychosocial support (PSS):
- Conducted two Psychological First Aid (PFA) online training for 192 people including Unit Level Officers and Youth Chiefs on 29th and 30th June. The objectives of this training are to cope with everyday stress and anxiety as well as getting more skills and knowledge on how to provide Psychological First Aid to the people they work with.
- Reached 214 peoples among them 141 male and 73 females with Psychological First Aid (PFA) through PSS Call Center. The received calls were mainly asking medical support on COVID-19 pandemic; other concerns were sleeping problem, fear of being infected, anxiety, worry due to loss of job, nightmare and etc.; the Staff and Volunteers of BDRCS are also using this service for Medical support and other concerns.
- Referred 6 people to specialized Mental Health services.
• 260 frontline health staff including medical doctors, nurses, midwives reached with Mental Health and Psychosocial Support (MHPSS) services by the professional psychologist and psychosocial counselors through PSS call center.

• 134 staff and volunteers reached with Caring for Volunteers activities.

• 2013 people reached through psychosocial support activities through BDRCS Community Safe Spaces (CSS) under Population Movement Operation (PMO) in camp setting at Cox’s Bazar.

### 3.2. INFECTION PREVENTION AND CONTROL

• Red Crescent Youth (RCY) volunteers visited Hospitals, Deputy Commissioner (DC) Office in 64 District to monitor the disinfectant spraying activity and Hand washing station one time in June 2020.

• RCY volunteers are providing Oxygen services with free of cost in Chattogram by its 100 pcs of cylinder.

• Home delivery service for essential daily product is given by RCY Volunteers to the people of lockdown area in Bagerhat and Chattogram. And mobile vegetable shop has introduced in Bagerhat.

• Hygiene materials distributed among RCY, Unite Executive Committee (UEC), Life Members, Staff, Civil surgeon and Teachers at Hospitals, Schools, College and RC Unit of Patuakhali and Bagerhat.

• 1474 people covered from Jamalpur, Nilphamari and Lalmonirhat district through COVID-19 awareness and discussion session under Integrated Resilience Program (IRP), Integrated Flood Resilience Program (IFRP) and Economic Empowerment of Rural Women (EERW).

• Handing over Megaphones with battery (1.5 volt) to Superintendent of Police (SP) office for Police at Patuakhali District.

• To monitor Infection Control & Prevention (IPC), BDRCS has been working at the entrance of the district Central Jail through respective Unit/Branch to ensure temperature, foot bath, hand wash, social distance and Chlorine spry for the visitors and staff of the jail. Besides, Chlorine sprayed to disinfect inside the prisons i.e. Office premises, WASH facilities, Kitchen, and open spaces.

• 30,254 people reached with awareness message on coronavirus prevention and infection control & prevention (IPC) materials, awareness raising poster & SOP to create behavioral change in prison community of Bangladesh. A total 913 RCY Volunteers were involved in this activity.

### 3.3 LIVELIHOOD AND BASIC NEEDS

Since the declaration of the pandemic, BDRCS has been working across the country to reduce the impact of COVID-19. As part of this activities, food and non-food items provided to the vulnerable people. Besides food and non-food items, cash support was also provided among the vulnerable people who have been hard hit by COVID-19 consequences to obtain foods and other necessary items from the local market.

• From the beginning of COVID-19 pandemic in Bangladesh, BDRCS distributed food and non-food items on various occasions across the country. Throughout the reporting month, BDRCS distributed food parcel among 1680 households in Khulna (district), Rajbari, Narayanganj and Dhaka (city). In addition, BDRCS distributed non-food items i.e. tarpaulins (1300), shelter tool kits (700), hygiene parcel (1200), jerry can (500), tent (25), emergency latrine (100), and dead body bags (100) among total 3925 HHs.

• With the support of HSBC Bank and Parjatan Corporation, Chattogram City Unit distributed cooked food and mineral water bottle among 1400 HHs in Chattogram City Corporation area. The Sylhet RC Unit also distributed cooked food among 600 families.

• 3,90,600 number of drinking water bottle (500ml) distributed in June 2020 among selected COVID-19 dedicated hospitals, test and response centers, Police station at several districts.

• 2,060 Packets of cooked food distributed throughout the country by RCY volunteers at 3 respective branches (Bandarban, Habiganj and Chattogram)
• Provided Multipurpose Cash Grants (MPCGs) to 1800 selected beneficiaries of 18 wards of Dhaka South City Corporation (DSCC) through sub-wallet under Dhaka Earthquake & Emergency Preparedness – Enhancing Resilience (DEEPER) project.
• Food packages distributed to 750 vulnerable families in Patuakhali affected by COVID-19 pandemic situation.
• 320 boxes of 0.5-liter mineral water bottles and 320 boxes of 2-liter mineral water bottles distributed among DC office, SP office, Police station, Civil surgeon, hospital, RCY members at Patuakhali district.
• Food package distributed to 2400 beneficiaries in Barisal district under Vulnerability to Resilience (V2R) urban project.

3.4. PROTECTION GENDER AND INCLUSION (PGI)

Protection, Gender and Inclusion:
• Orientations on Protection Gender and Inclusion (PGI), Prevention and Response to Sexual Exploration and Abuse (PSEA), and Child Protection (CP) issues have been organized for Unit Level Officer (ULOs) and volunteers in Kurigram and Gaibandha districts in response to the current flood situation and COVID-19 situation. A total of 18 people participated in this orientation out of which 12 were men and 8 were women.
• Organized an orientation on child protection during the COVID-19 epidemic situation for BDRCS staffs.
• Participated in national level cluster meeting on how BDRCS is responding to gender-based violence and child protection during COVID-19 and Cyclone Amphan situation.
• A guideline on SGBV, PGI, PSEA and CP has been implemented jointly with BDRCS and IFRC for cyclone Amphan and ongoing flood recovery operations.

3.5. COMMUNITY ENGAGEMENT AND ACCOUNTABILITY (CEA)

Community Engagement and Accountability:
• Capacity building: One orientation has completed on hotline database management for youth and volunteer.
• Operational manual/guidelines are developing for hotline, flood recovery and Cyclone Amphan response adapting to COVID-19.
• Publication: Published fourth edition of Corona Kotha (Information bulletin on COVID-19). Joint initiative of the BBC Media Action and Bangladesh Red Crescent Society on behalf of Shongjog/Communication With Communities (CWC) – the national platform for community engagement and accountability. The highlights perception and concerns about COVID-19 among the people living in Rural and urban areas:
  - Demand for food and cash support has increased during lock down period (April - May 2020): Many people reported having lost their jobs and having no income, because of Covid-19 related restrictions.
  - People are concerned about affordability and quality of masks.
  - Rumors and misinformation: Food related- tilapia fish and farmed chicken cannot be eaten during this time because people could be infected by Covid-19 if those items were eaten. As a result of this, many people say they have stopped buying chicken; and the chicken price has gone down to BDT 60 per kg.
• BDRCS Hotline Feedback Data summary on COVID-19: Total call received: 165 (upto June 2020). Major feedback areas: require blood plasma, treatment facilities of COVID 19 patients, request for cash and food support, dead body management (COVID-19), require job, Digital cash transfer in urban areas due to increase occupational risks in Dhaka.
• External platform – Risk Communication and Community Engagement (RCCE): BDRCS and IFRC are contributing to mask campaign with RCCE platform. One animation on importance of uses of mask reached 111,000+ people and another instructional graphics on how to make mask at home reached 7,300+ people through BDRCS Facebook page. The contents are approved by the Directorate General of Health Service (DGHS). 70,000+ people reached through official Facebook page of BDRCS.
3.6. **Communication:**
BDRCS continues providing awareness raising and life-saving messages on COVID-19 through social media (Facebook, Twitter, Viber). The total reach through 325 posts altogether in the aforementioned social media accounts counted 3,595,252 up to 30 June 2020.

3.7. **POPULATION MOVEMENT OPERATION (PMO)**
- 30 beds Integrated Isolation and Treatment Centre (IITC) at Camp 2E has been started functioning from June.
- 10104 HHs provided with COVID-19 prevention messages through health outreach interventions.
- 781 health sessions on COVID19 conducted in the RCRC catchment areas by community health workers.
- 202 staff and volunteers (community volunteers) trained/oriented on Psychological First Aid (PFA).
- 3050 Personal Protective Equipment (PPE) sets distribution (masks, soap, gloves, hand sanitizers).
- 340 people received integrated community based psychosocial support and risk communication messages.
- 1246 people provided with general Psychological First Aid (PFA) services.
- 539 people with practical information at PSS centers.
- 88 people with suspected COVID-19 symptoms referred for medical attention.
- 6500 hygiene top-up kits are distributed.
- 21925 people in guest community reached through COVID-19 hygiene promotion and handwashing.
- 7298 host community households received hygiene promotion and handwashing sessions at household level.
- 21 community handwashing points are installed and 3854 WASH facilities in camps are disinfected.
- 9890 Information, Education and Communication (IEC) materials developed and distributed.
- 47061 soap is distributed in camp and host communities.
- 281 health community volunteers receive orientation on Gender based Violence (GBV) and Protection from Sexual Exploitation and Abuse (PSEA).
- 1072 Households are made aware of COVID-19 related Risk Communication & Community Engagement activities.
- 93 individuals are assisted with information or receiving feedback in camp 11 while 119 Audio messages delivered through loudspeakers in mosques.

3.8. **MYANMAR REFUGEE RELIEF OPERATION (MRRO)**
- 826540 units of bath soap distributed to 45923 families and 413270 units of laundry soap distributed to 45923 households.
- 73688 refills Liquified Petroleum Gas (LPG) distributed to the beneficiaries. Among this 71227 unit distributed to the Forcibly Displaced Myanmar National (FDMN), and 2461 distributed to host community.
- 24877 female hygiene kits distributed to 16341 FDMN families.
- 7469 elderly kits distributed to the 6726 households. Each elderly kit consists 1 Sleeping mat, 1 Blanket, 1 mosquito net, 1 Plastic sheet, rope 10m, 1 white kit bag, 2 bath soaps and 2 cotton masks.
- 201 COVID-19 positive suspected cases resided in two quarantine centers in Nayapara and Kutupalong camp.
- 11 distribution points established handwashing post for the beneficiaries.
4. PARTNERSHIP AND COLLABORATION

4.1.1 ACTION TAKEN FROM IFRC, ICRC AND PARTNERS NATIONAL SOCIETIES (PNSS)

As an auxiliary to public authority, the government of Bangladesh is the main partner of BDRCS. Besides, it brings beneficiaries, communities, stakeholders, movement partners and non-movement partners together towards achieving its goals and objectives. Through existing partnership mechanism, BDRCS is responding to the COVID-19 pandemic. In this regard, BDRCS partnered with number of different organizations within RCRC Movement and beyond to operate the emergency operation and to maximize the reach of vulnerable people. The partners for this emergency operation include in-country Movement Partners, Government, Humanitarian Agencies and Corporates.

4.1.1. International Federation of Red Cross and Red Crescent Societies (IFRC)

- As of now IFRC provided 398,000 CHF for BDRCS staff salary (including Holy Family Hospital staff).
- IFRC is in process to procure 4 ambulances for BDRCS, 1 COVID-19 testing van and 1 mobile blood collection van. (equivalent to more than 450,000 CHF). IFRC is also in process to procure PPE and medical equipment, equivalent to 150,000 CHF.
- **Coordination and meeting on ‘Duty of care’ for the RCRC staff and volunteers:** Bangladesh houses around 1,500 staff from IFRC, BDRCS, PNSs and about 3,000 volunteers currently supporting as a frontline worker who face COVID-19 risk. This calls for an immediate action consistent with the IFRC policy of duty of care for staff and volunteers.
- The IFRC has supported the BDRCS prepare a concept note for the upgrading and operationalizing of the Holy Family Red Crescent Medical College Hospital (HFRCMCH) COVID-19 isolation and treatment centre which also incorporates a duty of care component. This concept note has been shared with the PNSs.
- Following WHO tips, in consultation with BDRCS, developed parenting tips; PSS tips for COVID-19 pandemic, also translated awareness messages like whether COVID-19 spread through shoes, continuous awareness on keeping the hygiene practice on and if there is any side effect if someone using mask for long time. All these were shared by BDRCS through its Facebook page (total 327,600+ people reached).
- Supported BDRCS and GRC in finalizing the press release on cash grant distribution among low income urban families in Dhaka under the DEEPER project.
- Social media content on World Blood Donor Day highlighting COVID-19 theme.
- Advocacy with BDRCS for engaging in the mask campaign through their Social Media.
- IFRC supported British Red Cross staff to be oriented on Epidemic Control for Volunteers (ECV) focusing on current COVID-19 situation.

4.1.2 International Committee of the Red Cross (ICRC)

- 20 deadbody bags were donated to UNO (Upazila Nirbahi Officer), Teknaf, as responsible for Dead Body Management (DBM) during COVID-19. Dead body bags along with PPE items and IPC materials ( Masks, Gloves Examination, Gloves Heavy Duty, Gown, Boots, Liquid Soap, Hypochlorite, Shoulder Sprayers) were handed over to the Quantum Foundation and Al-Markazul Islam Bangladesh, two local frontline organizations in managing dead bodies during the pandemic.
- ICRC provided to 2,120 families half food rations in Tumbru host community (around Konarpara camp) to support the community during the agricultural season amid COVID-19 pandemic lockdown.
- An Opinion Editorial penned ICRC head of delegation was published on Dhaka Tribune, highlighting the ICRC’s COVID-19 operational response for both Bangladeshi people and displaced communities from Rakhine.
- To support BDRCS, ICRC is providing a total of 750 kits (each kit containing five different items), 5000 surgical masks and 5000 hand-gloves for volunteers and staff of eight branches and the HQ. Furthermore, ICRC has donated 6 multipurpose tents to BDRCS. With these tents, BDRCS will be able to create additional space for COVID-19 operations.
4.1.3. **American Red Cross:**

- BDRCS with extensive support from American RC/IFRC was engaged in community awareness raising on COVID-19 through audio messages at 06 unions and Ukhiya sadar in Ukhiya sub-district of Cox’s Bazar district.
- BDRCS/American RC/IFRC handed over 9000 pieces of surgical masks and 1800 pairs of hand gloves to IOM and their partners with an aim to handling dual threat of COVID-19 pandemic situation and hydro-meteorological hazard in 18 camps.

4.1.4. **British Red Cross:**

- 2500 food packages distributed to the slums under Barishal city corporation by the Barishal Unit and Vulnerability to Resilience team in Barishal.
- An online training on ECV was organized for the project staff of Vulnerability to Resilience (V2R).
- Awareness message disseminated on COVID-19 in 16 communities under V2R project in Barishal.
- Procurement support was provided to the Swedish Red Cross program in Cox’s Bazar for 44,000+ non-medical reusable facemasks and 6,000 hand sanitizers.

4.1.5. **Canadian Red Cross:**

- 754 patients attended at Health post in Cox’s Bazar camp through screening process of COVID-19.
- Awareness raising and hand hygiene communication conducted in Health Post of Camp 8W, Cox’s Bazar.
- CRC supported Community health volunteers made 3564 household visit in Camp-5 and camp-8W.
- CHVs disseminated COVID-19 messages to 3502 individuals.
- Conducted 217 Health sessions.

4.1.6. **Danish Red Cross:**

- 1298 HH reached through intensified hygiene promotion sessions and handwashing demonstration for COVID-19 response at different camps of Cox’s Bazar including host community.
- 13,924 pcs soaps and 1,518 pcs hygiene promotional materials distributed at different camps in Cox’s Bazar.
- 1,891 WASH facilities disinfected in Cox’s Bazar Camp (14 sub-blocks & D block of Camp 19) including latrines, tube wells, bathing cubicles, handwashing stations and mosques.
- Conducted Psychological First Aid (PFA) training or orientation for staff and volunteers of BDRCS on COVID-19.

4.1.7. **German Red Cross:**

- Online Psychosocial Training for Fire Service & Civil Defense and BDRCS Volunteers on self-care was conducted and Cash grants disbursed to 700 HH in Dhaka South City Corporation (DSCC) area targeting urban poor under DEEPER Project.
- Approval received from German Federal Foreign Office to support COVID-19 cash grants for 2800HH in Dhaka urban areas.
- Technical Support to BDRCS for Flood EAP activation in Kurigram, Gaibandha, and Jamalpur districts. Activities include cash transfers and evacuation support with COVID-19 protocols (sanitization, physical distancing, and masks).
- 3 GRC staff deployed to provide technical support to BDRCS in order to collect vulnerability data in Kurigram, Gaibandha, and Jamalpur. Besides, evacuation support provided through 19 rented boats and conduct training for 112 RCY volunteers on quick beneficiary selection using ODK.
- 9520 people reached through Hygiene Promotion messages while 4081 received IEC materials at Camp 13 & 18.
- 21776 no. of individual hygiene kit distributed at Camp 13 & 18 in close collaboration and coordination with PMO-BDRCS. Likewise, 478 WASH facilities and 187 public spaces & infrastructures disinfected with chlorine solution.
- 19 RCY volunteers and 02 BDRCS/GRC staffs trained on disinfection activities and equipped with PPE and necessary materials. Apart from these, 07 WASH facilities and 02 public spaces and infrastructures disinfected at Baharchara Union of Teknaf Upazila in Cox’s bazar.
- 01 COVID-19 suspected referral household reached with hygiene material and disinfectant support at Baharchara Union of Teknaf Upazila as part of emergency preparedness and response activity.
4.1.8. Swedish Red Cross:

- 830 latrines and bathrooms weekly disinfected, 330 hand washing stands, 32 tap stands, 190 tube wells and around 2600 ft. drainage disinfected during this reporting period.
- 2,075 households covered with intensified hand washing session and demonstration & 24 COVID-19 awareness sessions conducted for the BDRCS WASH committee members.
- 18,778 soap bars distributed by BDRCS teams among community people and 4,000 awareness posters distributed among households.
- WASH support at the BDRCS IITC field hospital and Camp 2E with construction of 4 latrines, hand-washing facilities and adequate piped water supply systems.
- 44,000+ non-medical fabrics reusable masks procured and delivered to PMO with the financial and logistical support of the British Red Cross and ICRC. Out of the 44,000+ masks, 7,000 were donated to ICRC for the Konapara for 3,500 guest communities and 1,600 masks donated to BDRCS for PMO staff (BDRCS-IFRC-PNSs).

4.1.9. Swiss Red Cross:

- Health Facility in camp 2E remodeled to an Isolation and Treatment Centre and handed over to BDRCS and IFRC.
- ITC in Camp 2E supplied with PPE including 60 Face Shields; 1,500 non-sterile gloves; 1,000 sterile exam gloves; 30 Handwashing Liquid; 10 pcs 4L Chlorine Solution Jars; 50 Napkin Tissue Rolls; 1,500 Face Masks.
- 01 Inspection Visits to ITC 2E by WHO as per decisions taken on last amendments.
- PHCs supplied with PPE includes 2,700 non-sterile gloves; 96 Napkin Tissue Rolls; 4,500 Face Masks in Camp 11, 13 and 15, Ukhia, Cox’s Bazar
- 2,800 HH reached by COVID-19 outreach work (Awareness Raising, Hand Hygiene, Leaflet Distribution).

4.1.10. Turkish Red Crescent:

- 503 reached numbers of PwDs, UACs, elderly people and pregnant women with immediate support and life-saving awareness messages on COVID-19 at household level at Camp-17 in Cox’s Bazar.
- Orientation and support provided to 810 staffs of the CIC, SMS and stakeholders offices on PGI and how to stay protected to help them to tackle COVID-19 as a preventive and protective measures focusing the risks factors to avoid contamination and stay safe.
- 2648 people reached through small-scale sessions at community places and disseminated the COVID-19 awareness messages through megaphone and loudspeakers from mosques led by imams and majies.
- 315 majhis, imams, SUV, CPP and CVs of Camp-17 oriented on social inclusion and volunteerism, who have been involved in COVID-19 prevention messaging where DAPS and hygiene were adequately focused to intervene the inter-sectors to ensure with community engagement in planning, programming and implementation.
- Community Based Psychosocial Support and risk communication message provided taking COVID-19 (managing fear, worry, rumors, panic and misconceptions) into consideration.
- 1500 distributed among the vulnerable families in the slums area in Dhaka during COVID-19 Pandemic.
- PPE (10 box masks, 10 box hand gloves, 30 pieces hand sanitizer) provided to TRC health staffs.
• Approximately 5400 cloth masks produced for displaced people from Myanmar amid COVID-19.
• All wash facilities, 630 shelters, other facilities, CiC, UN and I/NGO offices of Camp-17 throughout the month to carry out disinfectant spraying to stay protected from contamination. Disinfecting activities carried out at 36 latrines, 45 bathrooms, 10 tap stand and 6 tube wells. Apart from these, around 250ft drainage disinfected.
• 8338 people reached through intensified household-level hygiene promotion sessions and hand washing demonstration as responsive measures.
• Out of targeted 6,500 food packages, 5000 distributed in Camp-17 among displaced people of Myanmar in Cox’s Bazar district.

4.2. COORDINATION WITH GOVERNMENT AND HUMANITARIAN AGENCIES

• BDRCS and its partners are working closely with Ministry of Health and Family Welfare (MoHFW), more specifically with Director General of Health Service (DGHS) and Ministry of Disaster Management and Relief (MoDMR). BDRCS and its Partners along with Cyclone Preparedness Programme (CPP) worked closely with MoDMR on updating the cyclone evacuation protocols considering the COVID-19 situation.
• BDRCS signed separate memorandum of understanding (MoU) with Bidyanondo Foundation, CocaCola, HSBC bank, and Unilever to enhance humanitarian response initiative particularly on COVID-19 response and beyond. According to those MoU, BDRCS has been working on COVID-19 since March 2020.
